	Course load	30					

Module/ course coordinator	Dr Marcin Glicz, LL.M.
Lecturer	Dr Marcin Glicz, LL.M.
Module/ course objectives	The course is aimed to provide basic knowledge of legal regulation of commercial companies and cooperatives, as well as questions concerning the business contracts in their regulation by the Civil Code and the Code of Commercial Companies. The primary aim of the course is to gain an understanding of the legal framework that governs registration of the corporation in Poland, its commercial activity and questions of the liquidation. The course is designed, as much as possible, to resemble a fourth-year course taught at a Polish administration school. Upon completion of this course the student should have an understanding of the legal terms and principles of the commercial law including rules governing commercial companies business obligations and relations between private entrepreneurs Substantial part is devoted to practical questions of founding of business companies and concluding of commercial contracts
