Additional literature	

Teaching methods	Power point presentations, discussion between students and lecturer, Case study, trip to the transport company	
Assessment method		Learning outcome number
Case study		2,3
Test		1,2
Observation during discussion		1,2,
Form and terms of an exam	Test	

STUDENT WORKLOAD	
	Number of hours
Participation in lectures	30
Independent study of lecture topics	65
Participation in tutorials, labs, projects and seminars	
Independent preparation for tutorials*	
Preparation of projects/essays/etc. *	
Preparation/ independent study for exams	
Participation during consultation hours	1
Other	5
TOTAL student workload in hours	101
Number of ECTS credit per course unit	4
Number of ECTS credit associated with practical classes	2,8
Number of ECTS for classes that require direct participation of professors	1,4
